RHODE ISLAND PAROLE BOARD  
SEXUAL OFFENDER COMMUNITY NOTIFICATION GUIDELINES

INTRODUCTION

SCOPE

This policy is intended to comply with Rhode Island General Laws 11-37.1-12 which provides “the parole board shall promulgate guidelines and procedures for notifications” pursuant to the Sexual Offender Registration and Community Notification Act, Rhode Island General Laws §§11-37.1-1 et seq.

POLICY

By enacting the Sexual Offender Registration and Community Notification Act, R.I. Gen. Laws §11-37.1-1 et seq., the State of Rhode Island supports the policy that if members of the public are provided adequate notification and information about a sex offender who has been or is about to be released from custody and who lives or will live in or near their neighborhood, the community can develop constructive plans to prepare themselves and their children for the offender’s release.

In order to implement this policy, it is the policy of this agency to provide guidance and procedures for community notification relative to the release of those offenders as designated by statute, while preserving the legal rights of those offenders.

It is the policy of this agency to provide the maximum information authorized by law, consistent with the requirements of public safety.

STATUTORY AUTHORITY

**PART II            DUTIES OF THE SEX OFFENDER BOARD OF REVIEW,  
PAROLE BOARD AND LAW ENFORCEMENT**

**OFFENDERS IN CUSTODY**

*Section 2.0 Duties of the Sex Offender Board of Review: Validated Risk Assessments and Procedures for Referral*

- 2.1 The Sex Offender Board of review will utilize a validated risk assessment instrument and other material approved by the parole board to determine the level of risk an offender poses to the community and to assist the sentencing court in determining if that person is a sexually violent predator. If the offender is a juvenile, the Department of Children, Youth & Families shall select and administer a risk instrument appropriate for juveniles and shall submit the results to the sex offender board of review. *See R.I. General Laws § 11-37.1-6 (b)*. For child pornography and non-hands-on offenses, where a validated risk assessment instrument is not available, the Sex Offender Board of Review shall use a Structured Professional Judgment (SPJ) approach, in which the Board shall evaluate the presence or absence of commonly employed risk variables (both static and dynamic), together with all other information available to the Board, to make a determination concerning the level of risk.
- 2.2 Currently, the Parole Board approves the use of the following validated risk assessment instruments to assist the Sex Offender Board of Review with its determination of risk level for adult offenders: Static99R, Static2002R, Stable 2007 and the above-referenced SPJ approach when a validated risk assessment instrument is not otherwise recognized as credible and reliable for forensic purposes.
- 2.3 The agency having custody of the sexual offender shall refer such person to the Board of Review, together with any reports and documentation as may be helpful to the board, for a determination as to whether or not such person is possessed of a mental abnormality that affects the emotional or volitional capacity of the person in a manner that predisposes that person to the commission of criminal sexual acts to a degree that makes the person a menace to the health and safety of other persons.
- 2.4 The agency having custody of the sexual offender, on the date of commitment or within a reasonable time of the commitment date and prior to the offender's release from confinement, shall refer said offender to the Board of Review, together with any reports and documentation as may be helpful to the board, or a determination as to whether or not such person is possessed of a mental abnormality that affects the emotional or volitional capacity of that person in a manner that predisposes that person to the commission of criminal sexual acts to a degree that makes the person a menace to the health and safety of other persons.

- 2.5 The Board shall, within the time frame set by statute, obtain any and all evidence and documentation sufficient to aid the court in its determination as to whether or not a person convicted of an offense specified in §11-37.1-2 is a sexually violent predator and shall forward such evidence and documentation to the sentencing court along with a report of its findings.
- 2.6 Upon forwarding a report of its findings with supporting documentation to the sentencing court, the Board shall also forward the same information to the Attorney General. The Attorney General, or his designee, shall request a scheduling date from the court clerk for the court's review and determination of an offender's sexually violent predator status and shall provide the court with adequate advance notice of the date by which the BOR must receive the court's decision.
- 2.7 The Board of Review shall use an objective scientifically validated and reliable risk assessment instrument (as referenced in Section 2.2) as an aid in determining whether an offender has the characteristics of a "sexually violent predator". If the Board finds such characteristics, the BOR shall ask the Parole Board psychiatrist/psychologist to conduct a sexual offender evaluation to determine if the offender has a mental abnormality or personality disorder that makes a person likely to engage in predatory sexually violent offenses.

### Section 3.0 *Duties of the Sex Offender Board of Review: Sexually Violent Predator Status*

- 3.1 The sentencing court shall report its determination of sexually violent predator status to the Board of Review and the Sex Offender Community Notification Unit. Upon receipt of the court's determinations, the Board of Review is required to provide a report of its findings concerning the sexually violent predator status, or lack thereof, of every sexual offender referred to them by the agency having custody of the offender and all relevant information underlying the determination.
- 3.2 The sentencing court shall report its determinations of sexually violent predator status to the Board of Review and the Sex Offender Community Notification Unit prior to the offender's release from confinement or within a reasonable time from the offender's release from confinement or probation with a suspended sentence.
- 3.3 The Board of Review shall determine the appropriate level of community notification for each sexual offender. A good faith effort shall be made to complete the determination at least fourteen (14) days before the sexual offender is released from confinement or is accepted for supervision.
- 3.4 In determining the appropriate level of risk of re-offense for each offender the Board of Review shall consider the risk factors set forth in RI General Laws §11-37.1-1 et seq.

- 3.5 The Board of Review shall use a scientifically validated and reliable objective risk assessment instrument, as referenced in Sections 2.1 and 2.2, above, to make their respective determinations. The Board of Review may consider the results of a risk assessment instrument conducted by the Sex Offender Community Notification Unit, or the agency having custody and supervision regarding a particular sex offender, in lieu of conducting its own risk assessment instrument for that offender.
- 3.6 The Board of Review shall decide the appropriate level of community notification for each offender, based on their determination of each offender's level of risk of re-offense.
- a) Low risk of re-offense corresponds with a Level I Community Notification level.
  - b) Moderate risk of re-offense corresponds with a Level II Community Notification level.
  - c) High risk of re-offense corresponds with a Level III Community Notification level.
- 3.7 The SOCN Unit shall assist the Law Enforcement Agency with jurisdiction over the area in which the offender is expected to reside (hereafter the "primary" Law Enforcement Agency) in the primary Law Enforcement Agency's creation of an Offender Fact Sheet, by providing the primary Law Enforcement Agency with all relevant information concerning the offender before the offender is released from custody. The primary Law Enforcement Agency shall notify and assist the Law Enforcement Agency with jurisdiction over the area where the offender is Employed, by providing the Offender Fact Sheet and all other relevant information concerning the offender.
- 3.8 If the Board of Review determines that the risk of re-offense by the sexual offender is within moderate or high levels, the Sex Offender Community Notification Unit shall notify the person in writing, by letter, or other Documentation as provided by statute (§ 11-37.1-13):

**See RI General Laws §11-37.1-13. A sample Notice to Level II and Level III Offenders is included in the Appendix.**

- 3.9 The Sex Offender Community Notification Unit shall send a copy of the Notice to Level II and Level III Offenders to the primary Law Enforcement Agency.
- 3.10 All law enforcement agencies shall submit their general community notification

plans to the Sex Offender Community Notification Unit for approval every five (5) years. The Sex Offender Community Notification Unit shall review each law enforcement agency's Level II and Level III community notification plans for consistency across law enforcement agencies and for compliance with these Guidelines. Except that if a law enforcement agency modifies its community notification plan within that five (5) years, then the agency shall send within ninety (90) days a copy of its modified plan to the Sex Offender Community Notification Unit for approval.

9.4 The Law Enforcement Agency shall consult with any other Law Enforcement Agencies with primary jurisdiction over which the offender is likely to be encountered.

9.5 The Law Enforcement Agency shall make reasonable efforts to notify members of the community through appropriate use of public information resources, including, but not limited to, any two or all of the following:

See RI General Laws §11-37.1-1 et seq.

Section 11.0 *Removal of Listing from Public Website Upon Death or Expiration of Registration Period*

  - 12.1.3 The Law Enforcement Agency shall provide the new Law Enforcement Agency with all relevant and necessary information in its possession pertaining to the offender, including the notification plan.
  - 12.1.4 The new Law Enforcement Agency then has responsibility for implementing a Community Notification Plan at the level determined by the Sex Offender Board of Review.

In making that determination, the Law Enforcement Agency should consider the nature and characteristics of the community, including the extent of changes in its population and membership. The Law Enforcement Agency shall not, on its own, change the level of notification for any offender. If the Law Enforcement Agency determines

- 12.3 Upon receipt from the SOCN Unit of a reclassification of an offender's risk level, the Law Enforcement Agency shall proceed with the implementation of a Community Notification Plan consistent with the new level of notification, with recommendations of the Sex Offender Board of Review and in accordance with the guidelines set forth in §5.0 through §9.6.9 of these Guidelines.

The individual who appears on this notification has been convicted of a criminal offense which requires the individual to register with law enforcement pursuant to RI Gen. Laws §11.37.1 et. seq. (Sexual Offender Registration and Community Notification Act).

This individual is also subject to community notification under The Act, which authorizes law enforcement agencies to inform the public of a sex offender’s release from prison and/or sentence to probation when the Sex Offender Board of Review determines that the release of information will enhance public safety and protection.

This offender is not wanted by the police at this time. This notification is not intended to increase fear. It is our belief that an informed public is a safer public.

Except as provided by law, court order or other legal prohibition, law enforcement may not direct where the offender does or does not reside, or direct where the offender works or goes to school. Further, the risk level of this offender has been determined based largely on his potential to re-offend.

Sex offenders have always lived in our communities; but it was not until passage of the Sexual Offender Registration and Community Notification Act that law enforcement was formally notified of their residence. In many of these cases, law enforcement is now able to share information with you. However, abuse of this information to threaten, intimidate or harass registered offenders will not be tolerated and may be a crime. Further, such abuse could potentially end law enforcement’s ability to engage in community notifications.

The [insert police Department] is available to help you by providing you with useful information on personal safety. The Department may be reached at (401) \_\_\_\_ - \_\_\_\_ [insert police department contact number].
